

Product info sheet:

glimtrex® Decor-Wax

transparent and covering

Product description

glimtrex® Decor-Wax is a natural finish for interior. Perfectly suitable for furniture, doors, etc. It establishes a natural surface either covered or transparent so you can still see the grain of the wood.

Characteristics

- based of natural and renewable raw materials
- DIN EN 71-3: Security of children's toys
- high resistant against wine, coffee, cola, tea, beer etc.
- easy to apply
- in many transparent and covering colors available
- suitable for furniture and children's toys.

Application Instructions

- stir the product before using
- all colour and lacquer remains have to be removed
- for an open-pored finish, clean the surface properly
- apply the Decor- Wax thin and evenly with a roller or a whitewash brush.
- for a lighter colour effect you can wipe the product with a cotton cloth
- for an intensive colour tone apply a second coat
- drying time is 24hours at 23C and 50% rel. humidity

Yield

1 liter for 25m² per coat, depending on the wood typ and wooden surface

Technical information

Available in 0.75 and 2.5 Litre tins in the following colours

Covering: Snow, pebble, corals, bamboos, silk, sand, fjord and black

Transparent: beech, cognac, oak, white, transparent, dusty blue, cherry wood, walnut wood, birch, gold horn, mahoganies, ebony, savanna, antique oak

Oil-saturated cotton cloths pose a risk of spontaneous combustion due to heat buildup; therefore it is advised to spread them out and allow them to air dry before disposal.

The shelf life is 12 months in the closed original tin. Make sure to stir the tin thoroughly before using. A skin may be on the surface of the product, please remove before stirring.

Please look at the current safety data sheets. You will find them at www.glimtrex.de/downloads.
